

CANAM
Fresh Transport Ltd.

Warehousing, Logistics and
Transportation - From One Source

OUR SERVICES

Can-Am Fresh Transport is looking forward to assisting you with your transportation needs for the 2020 produce season. Can-Am Fresh Transport is an in house 3PL broker that works very closely with its carriers year round. We provide on-site staff at all locations from which the product is being shipped from and have an after-hours team to provide real-time tracking and tracing.

Warehousing

We have top of the line warehouse facilities for all your storage needs.

Logistics

Our industry leading team is your one-stop shop for all your logistics solutions.

Transportation

Our fleet is well equipped to ship securely to its required destination.

ABOUT THE COMPANY

Can-Am Fresh Transport provides updates from the moment the load is shipped to crossing the border to reaching its respective destinations. Along with strong relationships with asset based carriers we have developed an up-to-date system to ensure all information is current and allows for easy follow up with carriers and customers. It also ensures that we follow all Department of Transportation laws with the new ELD implementation.

OUR MISSION

Can-Am Fresh Transport is guaranteed to provide real time updates for all of our customers and carriers. We have developed a systematic customer service team that can handle all challenges as they arise. We are in an industry where time is very sensitive and every minute matters to ensure shipments are being taken care of from start to end. We strive to build relationships with customers, carriers and partners to help strengthen logistics needs for all parties. With Can-Am Fresh Transport being on-site, it is a tremendous advantage for all by having eyes and ears on all shipments. We supply staff and operation support to make sure all loads are quality checked, pre-staged and loaded properly to ensure fresh product on-time. As Can-Am Fresh Transport grows and develops long lasting relationships with its partner carriers, we are going into 2020 with 250+ asset based carriers that are acknowledged and comply with all regulations to safely haul produce across North America.

OUR STAFF

At Can-Am Fresh Transport we currently have a staff of 6 team members that will be handling all shipments from start to finish. Can-Am Fresh Transport will provide its respective customers with a personal account manager for its volume throughout the season. The account manager will have the option to drop trailers at all Can-Am Pepper Company Ltd facilities or customer facilities to help facilitate driver hours, easy loading procedures and dedicated carriers to contracted lanes. Along with your account manager we will have one coordinator that will send updates throughout the transit of the load. We will also be providing after hours updates and support for all customers. Our evening shift will send automatic emails when the load has crossed the border and provide any delays that may arise.
